FOR IMMEDIATE RELEASE: September 14, 2011

ALL MANDATORY WATER RESTRICTIONS LIFTED IN CAROLINE COUNTY

Carmel Church/Ladysmith Areas– Effective immediately, all restrictions on customers of the Caroline County Public Utilities water system have been lifted and normal outdoor water usage may resume.

The abundant rainfall in recent weeks and anticipated decrease in usage during the fall months make removal of all restrictions feasible. Public Utilities staff will continue to monitor the condition of the system and the wells that supply it.

We thank our customers for their patience and cooperation while the restrictions were in place.
