Caroline County Minor Subdivision Requirements Boundary Line Adjustment or Lot Line Vacation

The Department of Planning and Community Development has established this application packet to provide an overview as to the process associated with establishing a boundary line adjustment and lot line vacation in Caroline County.

Initial Consultation

Call the County Department of Planning and Community Development (DPCD) to discuss your proposal and obtain a minor subdivision application for a boundary line adjustment and lot line vacation. It is recommended that the applicant discuss the subdivision with staff prior to having a surveyor initiate work to discuss subdivision regulations, including placement of lots, lot dimensions and access.

Submission

Submit the minor subdivision application and fees with four (4) original plats with an executed and notarized Owner's Consent and Dedication and Surveyor's Certificate and the two (2) completed checklists included in this packet.

The Department of Planning and Community Development will review the application:

- a. If approved, the County will keep one (1) copy of the plat and return the others.
- b. If revisions are necessary, we will notify the surveyor/engineer in regard to the necessary changes.
- c. The surveyor/engineer will make the necessary changes and resubmit the plat for County review and approval.

Once approved by the County, the plat and deed must be recorded within six (6) months or the approval is void and will need to be resubmitted for County review and approval. Before any building permits are issued, you will need to provide the Department with the Deed Book and Page Number where the plat is recorded.

Required Plat Notes

The following statements shall be included on the boundary line adjustment or lot line vacation plat, if applicable to the property

Notes for properties in the CBPA as follows:

Onsite septic systems are subject to the septic pumpout and reserve drainfield requirements of the Caroline County CBPA program.

Additional/optional note: If RPA is shown on plat, include a note regarding the basis of the RPA:

- Existing RPA, wetland or other map sources
- Site Specific determination (include the approval date)
- Designated as RPA on CBPA map

Note for properties **not** in the CBPA
