April 2, 2020  
Charles M. Culley, Jr.  
County Administrator*

## **WI-FI INTERNET ACCESS FOR CITIZENS EXPANDED OUTSIDE OF COMMUNITY SERVICES CENTER IN MILFORD**

Wi-Fi internet access for citizens has been significantly expanded outside of the Community Services Center located at 17202 Richmond Turnpike adjacent to Bowling Green Elementary School. As a result of recent bandwidth upgrades, citizens can now readily access the internet from the entire front parking lot at the Community Services Center (access is not available in the Department of Social Services and Health Department parking lots).

Wi-Fi access is available from 7:00 a.m. to 11:00 p.m. seven (7) days a week using the password 8046337277. Access to the internet is filtered for illegal activity and speeds are limited to protect the network and make it available to more users.

Citizens can report problems accessing the internet at this location by email at [ccguest@co.caroline.va.us](mailto:ccguest@co.caroline.va.us) or by phone at (804) 633-1088.
