

VDH COVID-19 Vaccination Response

When Will I get my shot?

Vaccinate Virginia Campaign

Virginia is currently in these phases

Future phase to come

PHASE
1a

- HEALTHCARE PERSONNEL
- RESIDENTS OF LONG-TERM CARE FACILITIES

VACCINE AVAILABILITY ■■■

PHASE
1b

- FRONTLINE ESSENTIAL WORKERS
- PEOPLE AGE 65+
- PEOPLE AGE 16-64 WITH AN UNDERLYING MEDICAL CONDITION
- PEOPLE LIVING IN CORRECTIONAL FACILITIES, HOMELESS SHELTERS, AND MIGRANT LABOR CAMPS

VACCINE AVAILABILITY ■■■

PHASE
1c

- OTHER ESSENTIAL WORKERS

VACCINE AVAILABILITY □□□

Vaccinate Virginia: Campaign Model

VACCINE TARGETS & INITIAL FOCUS:

- Vaccination Targets:
 - 25,000 vaccinations per day by 2/14/2021
 - Infrastructure in place for 50,000 vaccinations per day by 4/1/2021
- Initial focus:
 - Health Districts moving into 1B starting week of 1/17
 - Pursue Dual-Path Strategy:
 - Health District PODs – prioritization, allocation, registration, and assignment of vulnerable population
 - Large Vaccination PODs – open registration for 1B mass public vaccinations

VACCINATE VA: KEY DELIVERY CHANNELS

Mass Public
Vaccination Clinics

Health
Districts

Pharmacy Partners /
Programs

General
Providers

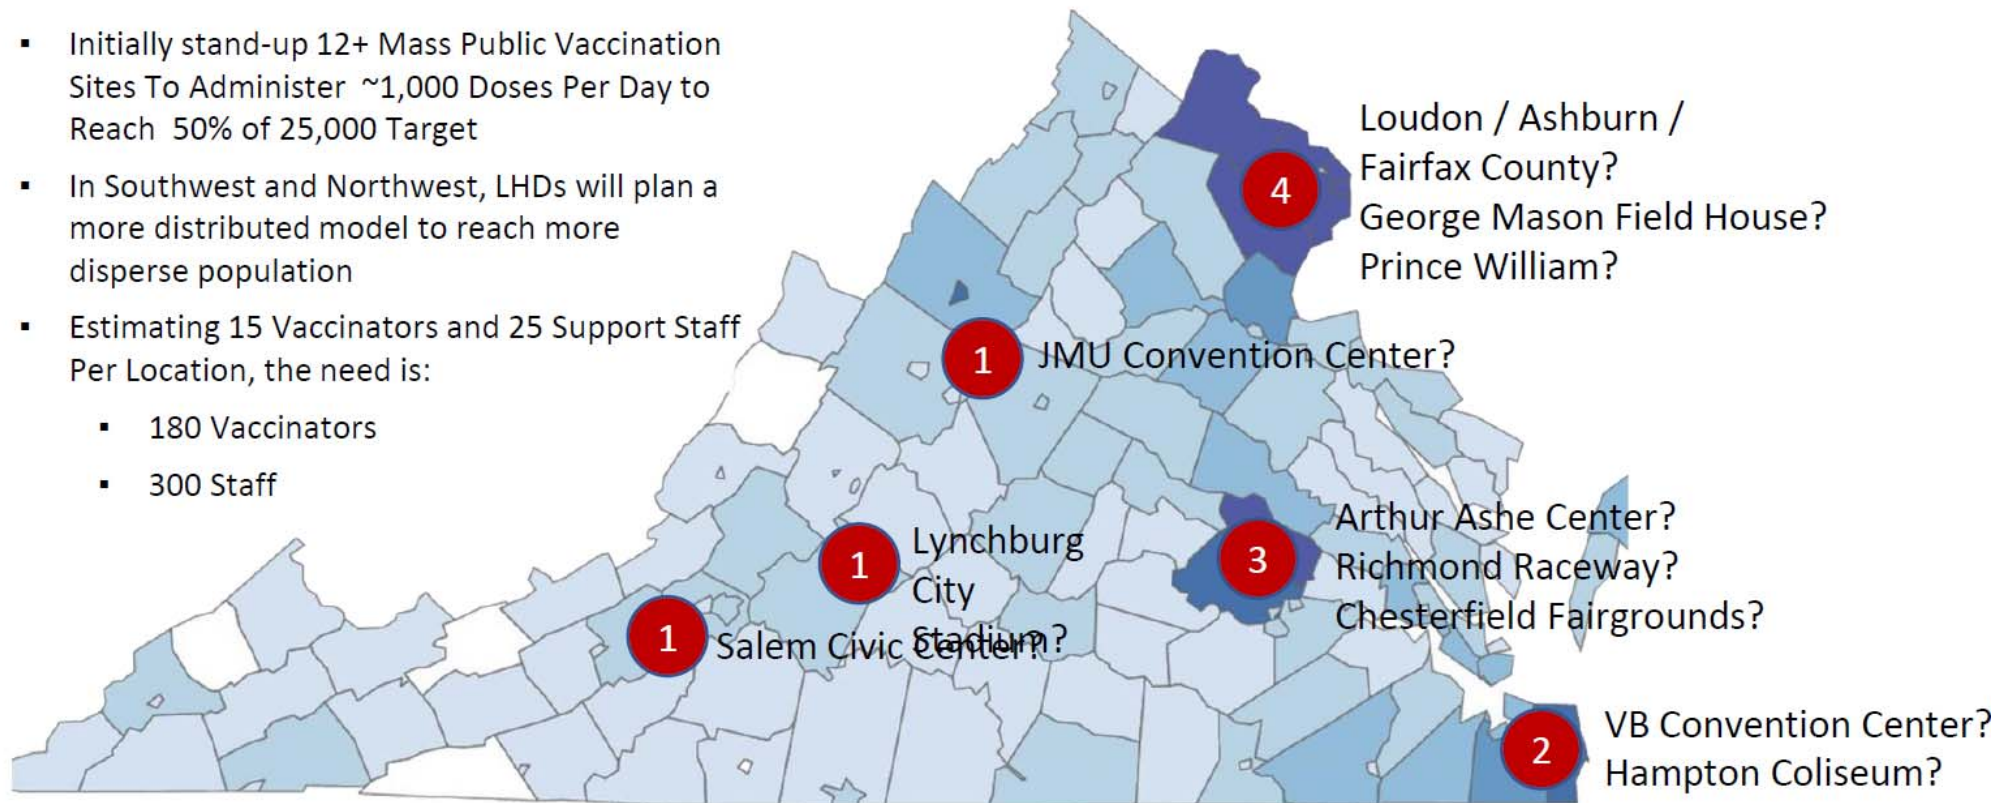

Hospital
Systems

Vaccinate Virginia: Mass Public Vaccination Clinics

MASS PUBLIC VACCINATION IS ALREADY UNDERWAY, BUT WILL BENEFIT FROM STRUCTURE, COORDINATION, AND SCALING

- Initially stand-up 12+ Mass Public Vaccination Sites To Administer ~1,000 Doses Per Day to Reach 50% of 25,000 Target
- In Southwest and Northwest, LHDs will plan a more distributed model to reach more disperse population
- Estimating 15 Vaccinators and 25 Support Staff Per Location, the need is:
 - 180 Vaccinators
 - 300 Staff

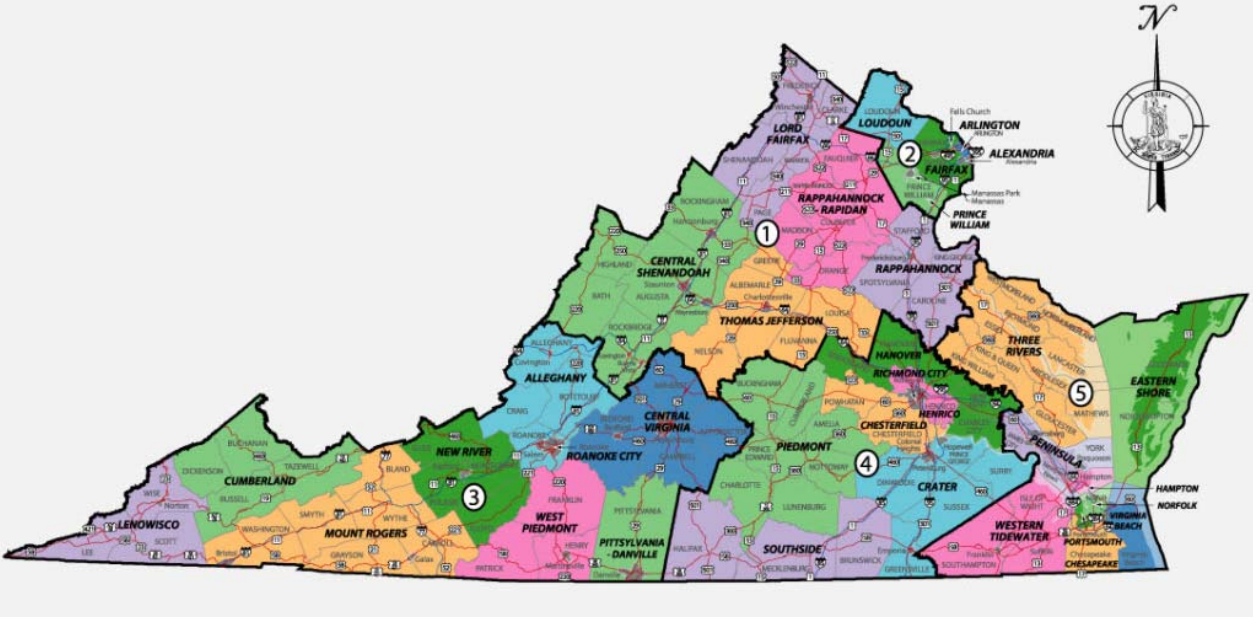

VDH COVID-19 Vaccination Response

Dr. Danny Avula (State Vaccine Coordinator)

- Vaccine allocation is now geographically population-based for each health district.
- The Commonwealth's goal is to distribute the vaccine equitably and efficiently
- Every health district, based on its percentage of Virginia's total population, receives a relative percentage of available vaccines.
- Additionally, we are strongly leaning on local health districts (LHD) to determine the proper allocation for their health district, using any available combination of vaccinators (LHD staff and volunteers, hospitals, pharmacies, individual providers, etc).
- Currently vaccine demand outweighs the supply.

Commonwealth of Virginia - Department of Health
Division of Disease Prevention

375,000 people in the RAHD
52% over the age of 65

Priority in RAHD Ph1**b** Group

PHASE
1b

- FRONTLINE ESSENTIAL WORKERS
- PEOPLE AGE 65+
- PEOPLE AGE 16- 64 WITH AN UNDERLYING MEDICAL CONDITION
- PEOPLE LIVING IN CORRECTIONAL FACILITIES, HOMELESS SHELTERS, AND MIGRANT LABOR CAMPS

VACCINE AVAILABILITY ■■■

Issues to be aware of:

- **Registration:**

- Current using the CDC Vaccinate administration management system(VAMS)
 - Problematic.
 - Email driven
 - Will be changing to PREPMOD on February 8st.

- **Vaccinators**

- VDH is actively looking for localities to provide vaccinator help
 - CCFR medics at this point are not being used.

- **Local Logistical support**

- Signage
- Assisting with People movement
- Assistance with the registration system on-site
- Cleaning & Sanitizing
- Set-up breakdown
- Ambulance standby
- Sheriff's Office standby

VDH COVID-19 Vaccination Response

BE READY: What should people do who want the vaccine

- Go to www.vdh.virginia.gov/rappahannock/ more up to date information
- **Anyone & Everyone:** Complete a VDH Survey: (so they have your information)

www.vdh.virginia.gov/rappahannock/ or call 1-877-275-8343

Help other people who may need assistance with technology.

Be patient with the process
