

# **CAROLINE COUNTY PRESS RELEASE**

## **January 12, 2022**

### **CAROLINE COUNTY EXTENDS “STORM DEBRIS EMERGENCY” THROUGH JANUARY 31, 2022**

Caroline County and its residents are recovering from Snow Storm Frida that moved through the County Monday morning, January 3rd. This storm impacted the entire County, coating everything in its path with a blanket of heavy wet snow.

The County experienced down trees and power outages during this storm. The Caroline County Department of Fire and Rescue spent a significant amount of time throughout the event cutting trees, removing debris and opening roadways.

Caroline County has declared a “Storm Debris Emergency” due to the significant amount of storm debris. This declaration will allow County residents and contractors to dispose of storm debris at the Bowling Green Solid Waste Convenience Site during normal business hours at no charge.

Storm debris is defined as trees, branches, brush and leaves. Stumps are not accepted.

County residents will be allowed to dispose of storm debris through January 31, 2022.
